That first half was rough, but the defense really kept Carolina in the game. We need to get the run game going in the second half. Bryce is showing flashes, just need more consistency.

Bryce looked much more comfortable on that last drive. The offensive line needs to give him more time, but you can see the improvement. If we clean up the penalties, we can definitely win this.

Defense is playing great today! That turnover was huge. Luvu and Horn are everywhere. Just need the offense to capitalize and put some points on the board. Keep the momentum going!

That was easily the best drive of the game. The energy at the stadium is unreal. Let's keep the pressure on and finish strong. KEEP POUNDING!

We've got to establish the run in the second half. When we control the clock, everything opens up. Trust the process — this team is heading in the right direction.
